Trece is pleased to announce their latest scientific innovation, **CIDETRAK® Mating Disruptant**, an intelligently simple high performance dispenser for **Codling Moth and Oriental Fruit Moth mating disruption**. Also, don't forget **PHEROCON® CM-DA COMBO** multi-gender attractant for monitoring which will give you a definite edge in your battle against the codling moth, your toughest competition. This lure has been proven to be the most effective codling moth lure on the market today. For more information on CIDETRAK or DA and CM-DA COMBO lures, and how to interpret data from trap capture, contact Jeff Downs, National Sales Manager, at 559-285-8448.

The IPM PARTNER® Field Reporter™ will also be published on our website [www.trece.com](http://www.trece.com)
